

Hydra, March 6th, 2020

Announcement

At the past days there has been a growing concern among athletes about the possibility of cancelling of **Hydra's Trail Event** on April 4 and 5, 2020.

Therefore, the **Organizing Committee** with a full sense of responsibility for the athletes, attendants, the local community and everyone involved in the **Hydra's Trail Event**, announces that no decision has been made so far of any change about the schedule of the event.

Of course, day by day the facts, as we all know, are completely variable and the data is changing so fast. The Greek State, which has the sovereign and ultimate responsibility for managing the situation regarding the spread of the SARS-CoV-2 coronavirus, announces every day all necessary measures taken to protect against the spread.

The **Hydra's Trail Event Organizing Committee** are taking seriously the data of each day and will decide accordingly. In the very next days there will be an announcement regarding the final decision about the event.

Until then, this announcement is in force.
